

A Special Call to Health Care Professionals

The Conference is making a special appeal to Health Care Professionals (Dentists, Physicians, Nurses, Physical Therapists, and Physician Assistants), counselors and native Haitians who are interested in working three days with Project Hope, an international health organization providing services to Haiti and Dominican Republic.

All other conference participants will provide community services one of the five conference days in two local communities, one is San Jose Adentro, the other to be identified later. We will provide food, clothing and money to these communities of high poverty and great need.

Anyone who is interested in Haiti must contact Dr. Frances Brisbane for details and one of 20 spaces that are available.

Dr. Brisbane's contact information is:

Phone: 631-444-2139

e-mail: Frances.Brisbane@stonybrook.edu

Note - An additional transportation fee will be charged for those persons going to Haiti.
