## **NADD Task Forces**

NADD Task Forces have been established for various reasons: to bring focus and attention to a particular area within social work education; to plan a collaborative approach to a funding source or a problem; to convene people with like interests; or the explore a particular question that is pertinent to our membership. Any member can recommend the establishment of a Task Force to either the Board of NADD or at a NADD Business Meeting.

Task Forces are intended to exist as long as there remains uncompleted work and goals. Updates of the work of the task forces are to be communicated to the NADD Board and membership annually through our website and at various conferences. To ensure that the work is communicated appropriately, we ask the chairs of the various task forces to complete and submit the following document after the fall meeting.

Name of Task Force
Chairs/Co-Chairs
Purpose of Task Force
Demonstrated Evidence of Need and for Interest in the Jacobs (Dlease attack letters
Demonstrated Evidence of Need and/or Interest in the Issues (Please attach letters of support)
Summary of Progress thus far:
Goals for the Year

Expected Outcomes for the year:
