
The Leadership Academy For Deans and Directors

A Program of the
National Association of Deans and Directors of Schools of Social Work

“The learning and support I received

through this program is invaluable- from the instructional team and my cohort colleagues. I’ve gained clarity, perspective, and useful tools that I use every day in this complex role of being a dean. I am grateful that I had the chance to participate.”

Founded in 1986, the National Association of Deans and Directors of Schools of Social Work (NADD) is a volunteer

membership organization dedicated to promoting excellence in social work education. Our membership is composed of more than 200 deans, directors, and chairpersons of graduate social work programs in the United States and Canada. NADD supports its members in their professional development and effectiveness as academic administrators.

One of NADD’s goals is to build leadership skill. One way to build leadership is to engage Deans and Directors of Schools of Social Work. As a program of NADD, the Leadership Academy for Deans and Directors (LADD) assists social work deans and directors to further develop as leaders. Since its inception, 120 deans and directors have participated in the LADD. We are currently accepting applicants for the 13th Cohort of the LADD.

LEADERSHIP GOALS

By participating in the program deans and directors will grow as individuals and will have the opportunity to:

- Raise their school’s visibility and status within the university
- Recruit students by strengthening their school/university’s presence in the field
- Strengthen legislative outreach and education skills
- Strengthen community development skills while increasing their school’s role in the community and broader environment
- Strengthen capacity-building and management skills
- Build strategic skills for leadership
- Increase resource acquisition skills
- Be mentored by senior deans and directors

ELEMENTS OF THE PROGRAM

Leadership: Advancing your leadership skills. Understanding best practices in managing faculty, staff, and within the University. Articulating and advancing your leadership agenda.

Skill-building: Best practice sessions organized around the needs of each cohort, such as fundraising, planning, transdisciplinary communications, capacity-building, finance, organizational development, and staff management, advocacy, time management, faculty relations, and media outreach.

Mentorship: A senior dean/director to mentor each participant

Peer Learning and Support: Ongoing communication with current cohort of participants who serve as a network for continuing learning and consultation beyond the year's program.
